Traffic Management, Enforcement  
and Road Safety

Pursuant to *Ontario Regulation Section 392/23 - Adequate and Effective Policing (General)* it is the policy of the Owen Sound Police Service Board with respect to traffic management, traffic law enforcement and road safety that:

- a) When determined by the Chief of Police, technical collision investigation, reconstruction and breath analysis investigative supports will be provided by the members of the Owen Sound Police Service. The Ontario Provincial Police (OPP), through the Framework of Services Agreement, will provide technical collision investigation and reconstruction, when required. Reference section 16 of *Ontario Regulation 395/23 - Investigations*;
- b) The Chief of Police will:
  - I. Develop and implement a traffic management, traffic law enforcement and road safety plan;
  - II. Establish and maintain written procedures on traffic management, traffic law enforcement and road safety, including procedures to address road closures and minimizing the interference of traffic;
  - III. Establish and maintain written traffic direction and enforcement, including traffic patrol;

- IV. Ensure that persons who provide technical collision investigation, reconstruction and breath analysis investigative supports have the competence and experience to provide that support; and
- V. Ensure that protocols are in place, with the OPP through the Framework Agreement, to provide technical assistance when Owen Sound Police Service encounter serious motor vehicle collisions requiring higher levels of collision investigative expertise.
